AirBoss-Defense CBRN Molded Glove

As part of a special US Military Joint Services procurement initiative AirBoss was the sole company selected for contract award following Phase II testing of JB2GU Type II Gloves.

AirBoss-Defense is a division of AirBoss of America Corp., one of today's most respected and trusted global manufacturers of high performance proprietary rubber-based products. With a capacity to supply over 250 million pounds of rubber annually to a diverse group of rubber manufacturers, AirBoss is one of the North America's largest custom compounding companies.

AirBoss-Defense is a world leader in the development and sale of Chemical, Biological and Nuclear (CBRN) protective wear.

- Technology**Accurate thin injection molded butyl rubber. Special compound facilitates proper decontamination. Textured finish on fingertips and palms provide optimized grip. Excellent physical properties.
- Design**Ergonomic ambidextrous design provides correct finger hand dimensions as well as a tighter wrist to keep the glove firmly on the hand. Long wrist assures proper closure / integration with arm and cuff of CBRN Suit.
- Chemical Protection**24 hour protection against CW agents.
- Biological Protection**24 hour protection against CW agents.
- Toxic Industrial (TIMs) Protection**Offers protection. List of TICs available upon request.
- Environment Conditions**- 32°C to 52°C (- 25°F to 125°F).
- Don/Doff**Molded glove can be worn directly over hand or with its liner.
- Use/Reuse**Can be decontaminated.
- Cleaning**Soap and water.
- Weight**Lightweight. Average weight (size M) of 0.44 lbs (0.20 kg) per pair.
- Packaging**Low volume packaging (vacuum packed) in a clear plastic bag for optimized storing and stowing.
- Color**Black
- Sizes Available**7 sizes: S, M-Narrow, Medium, L-Narrow, L, XL-Narrow, XL.
- Standards**Meets NSN 8415-21-921-2165 to 2167; 8415-21-921-2169 to 2172.
- Accessories**CoolMax® Lycra removable liner (packed with or without the glove). This unique liner provides improved comfort and sweat management.
- Custom Features**Based on quantity ordered, custom features such as packing and marking can be incorporated based on client needs.
- Shelf Life**The AMG has a shelf life of 10 to 15 years if kept in its original packaging, away from direct sunlight and in normal storage conditions.
