## AWG Flex-Lite Suction Hose Price List

AWG Flex-Lite Suction Hose optimized for drafting operations. This lightweight suction hose is only 3.1 lbs/ft for 6" diameter hose and offers the tightest bend radius available today. AWG Flex-Lite Suction Hose remains flexible in cold weather. The extra UV protections ensures a long service life and the beveled edges on the all aluminum couplings allows for easier loading into hose chutes on the truck. NH couplings and Storz couplings are available. Listed items are for 10' sections. Custom sizes are available - call for pricing.
